ADDITIONAL EQUIPMENT

This crane, located in Perth (WA), is in excellent condition, featuring low hours and kilometers. It offers a 27.5m main boom and an underslung hydraulic offset fly jib (4.5m-6.9m) for flexible lifting options. Additional features include an auxiliary winch with headache ball, rigging remote, and the Tadano View System for enhanced operational control. Known for its compact design and quick set-up, this crane is perfect for a range of projects and ready for immediate delivery. Don't miss out on this well-maintained, ready-to-go machine!
