ADDITIONAL EQUIPMENT

This crane, located in Perth (WA), is in excellent condition, with low hours and kilometers. It features a 27.5m main boom and an underslung hydraulic offset fly jib (4.5m-6.9m) for versatile lifting. Key features include an auxiliary winch with headache ball, Tadano View System for enhanced visibility, and a rigging remote for improved control. Its compact design and quick set-up make it ideal for various projects, offering convenience and efficiency.
